North Yorkshire Women's Health Survey 2024

Help us address the health needs of women and girls in our communities.

In 2022, the UK government introduced the first women's health strategy to enhance health outcomes for women and girls. Building on this, we aim to develop a specific plan for North Yorkshire, focusing on the overall physical, mental, and social wellbeing of women and girls.

We would like your input on various aspects of health and wellbeing, including housing, employment, and the environment around us, as well as health conditions. Your feedback will guide our efforts to address the health needs of women and girls in our communities.

All responses are confidential and will only be used to improve women and girls' health in North Yorkshire. Your participation is voluntary, and you can skip any question or stop the survey at any time.

Lets Talk Active

[Have Your Say Today - Survey - Let's Talk Active - Let's Talk North Yorkshire](#)

Let's Talk Active is about whether you are physically active, what is important to you about being active, and any barriers you face.

Thank you for taking part - your answers will help us to understand what you need from your local leisure facilities to help you be active.

Also understanding the things that prevent you from being active can help us to address these issues and make physical activity more accessible for everyone.

What you tell us can influence where resources and efforts should be focused. This can lead to improved facilities and programs that better meet the community's needs.

Your input is valuable in shaping a more active and healthy society.

Lets Talk Money

North Yorkshire Council is now in the second year of providing many of your local services, from rubbish collection and recycling, public health, social care and education, roads, transport and leisure services as well as support for businesses. The council has brought together the services previously provided by eight councils into one, but there is still a significant task ahead as they continue to transform services now and in the years to come.

The council remains passionate about providing value for money services, and improving outcomes for local people, businesses and communities across North Yorkshire. But, like all councils, and many of you, they are facing major financial challenges. They are also experiencing ongoing increases in demand for services like adult social care and children and young people with special educational needs.

The council spends about £1.3 billion every year delivering local services to people and businesses. These include:

- The collection of around 310,000 tonnes of waste from more than 300,000 properties. 45 per cent is reused, recycled or composted.

- Maintaining over 9,250 kilometres of highways and with direct responsibility for nearly 7000 kilometres of public rights of way, and over 1,645 bridges.
- Managing and maintaining 8,300 council houses
- Processing over 50,000 housing benefit changes every year.
- Providing 15,700 children and young people with special educational needs support
- Providing 26 Leisure venues, including 18 with swimming pools
- And supporting more than 3,300 children and young people via our children and families service

The council wants to hear from you about what is important to you and how you think they should spend the money available.

There are several ways you can take part in Let's Talk Money: You can fill in an online survey here <https://www.northyorks.gov.uk/LetsTalk> If you would prefer, you can pick up a paper copy from your local library or main local office and return it in the envelope provided. You can also email letstalk@northyorks.gov.uk or call 0300 131 2 131 (please say 'Let's Talk' when prompted) to request a survey.

You can write to:

Accessible formats of the survey are available on request. Please share your views with the council and encourage your colleagues, friends and family to do the same. The survey closes on 9 December 2024.

NYC Get involved in Health and Adult Services

Help us make our adult social care and public health services the best they can be.

Involvement is about hearing your voice and involving you in shaping what services and support look like in North Yorkshire.

We want to work together with people and communities from across North Yorkshire to enable people to live good lives.

Everyone has unique skills, experiences and ideas to share. There are lots of different ways to get involved and speak up about what matters to you. Some recent examples include:

- creative activities, such as photography, to share your views and ideas
- taking part in workshops and events
- sharing your ideas and feedback in surveys, focus groups and one-to-one conversations
- creating videos
- developing training
- taking part in interview panels and recruitment activities for new staff

Local Government Services Pay Agreement: 1 April 2024 to 31 March 2025

The Local Government Association has informed the National Association of Local Councils that the National Joint Council for Local Government Services (NJC) has reached an agreement on rates of pay applicable from 1 April 2024 to 31 March 2025. We encourage councils and parish meetings to implement this pay award as soon as possible, where an employee(s) is engaged on NJC terms and conditions.

Backpay for employees who have left employment since 1 April 2024 - NALC recommends that employers pay any monies due to that employee from 1 April 2024 to the employee's last day of employment.

The table below lists the new pay scales for clerks and other employees employed under the terms of the model contract, including SCPs 50 and above. These should be retrospectively applied from 1 April 2024.

Hourly rates have been calculated using the NJC-agreed formula: annual salary divided by 52.143 weeks (which is 365 days divided by 7) divided by 37 hours (the standard working week).

If any YLCA member has difficulty in calculating the uplift due, the Chair can contact us for advice and assistance.
