### **23.94 WATER**

**a) Water Shortage-** The Council discussed concerns raised by residents over the spring water shortage and leakage with the Water Committee.

The Chairman of the Water board, Phil Oliver updated the Council- The water supply is managed successfully and currently there is enough supply. The water shortages normally occur towards the end of the year and this is usually following a drought period over summer.

Long term water management plans are in place. The plan is to put meters on the busiest feeds of the village, this will then highlight which line is using most water as well as give a baseline to detect any abnormalities. The current meter is recording correctly at the top end and there seems to be excess usage at night time. The water committee are going to ask residents not use water Tues -Thurs between 1-5 am for a period of 3-4 weeks to see if the auto monitoring systems are triggered which will detect any leaks. Leaflets will be circulated to residents regarding this.

**b) Water butts-** The Council discussed the proposal and resolved that it would be more appropriate for the Water Board to apply for the grant funding and manage the water butt initiative to help save water.

### **23.95 TRAINING**

**a) YLCA Training-** The Council resolved that they are not interested in the carbon literacy training from the YLCA.

### **23.96 FINANCE**

### **Appendix 1- Monthly Police Report – May 12<sup>th</sup> – Jun 10<sup>th</sup>**

We do not report crimes whereby victims could be identified, for example Domestic Violence or harassment, although they are included in the totals below.

1 – Road Traffic Accident (injury)

14 – RTC (minor)

38- Abandoned calls ( misdialed/pocket dials)

14- Suspicious Circumstances ( door to door sellers/ suspicious vehicles etc.)

11- Violence

3-Antisocial Behaviour

4-Theft

1-Fraud

1-Burglary

2-Criminal damage.

In total in the reporting period, for the areas covered by Leyburn, 184 calls were received covering a variety of incidents.

Leyburn Police station coverage is an area encompassing Arkengarthdale, Swaledale from Hudswell to the border with Cumbria, Wensleydale from the Hambleton to Cumbria borders, Bishopdale, Coverdale and small off-shoot dales, as such it can be seen that it is still a low crime area.

During the reporting period the Leyburn Safer Neighbourhood Team have participated in community engagement such as assisting in a general garden tidying up at Kirkwood Hall and conducting operations with the mini police (pupils at Hawes Primary school).

Patrols were also deployed to monitor and engage with the movement of the Traveller Community on their annual move through the dales on route to Appleby Horsefair.

Up- coming events are; Cuppa with a copper at The Cornmill , Bainbridge TBC and Bakewell Askrigg 11<sup>th</sup> July giving a chance to meet the team informally for a chat.

Operation Byways will also be carried out in conjunction with our Traffic officers and the National Parks Rangers, checking on the movement of vehicles along Green lanes in the area.

We are also asking that you sign up to North Yorkshire Police Community messaging. To sign up, please visit.

## **Appendix 2- Upper Dales Health Watch**

### ***The Patient Participation Group for the Central Dales Practice*** **Synopsis of the meeting held on 19th June 2023**

- The Practice has approximately 4,250 patients which is below 5,000 giving the Practice sparsity funding. This number has remained static since 2019.
- Extra funding has been granted for Lynn Iveson, Advanced Clinical Practitioner to work one day a week at Sycamore Hall and for Amy Wardell, Mental Health Practitioner.
- Fiona Morrison, Advanced Nurse Practitioner (ANP) visits Sycamore Hall every Thursday.
- The Practice provides the same number of clinical sessions per week as it did in 2019. However, GP/ANP appointment demand has increased by some 35% since 2019. The Practice cannot identify the reasons for this but feel the only way to manage the increased demand is the use of telephone triage. This allows the GPs & the ANP to make their own clinical decisions and manage the workload safely and effectively.
- 70% of CDP patient queries can be dealt with over the phone. This frees the GPs /ANP to spend more time with patients who need face to face appointments.
- The delay in prescription deliveries is a national problem and wholesalers have staffing issues. CDP is trying to keep a larger stock of medicines, but some are temperature sensitive and won't last in hot weather.
- Practices across England get no funding for Temporary Residents e.g., holiday makers. CDP gets no extra funding for "assisted living" e.g., Sycamore Hall.
- Media hype e.g., recent programmes about the menopause can cause sudden panic and an influx of patient enquiries. Patients using Dr Google can also become worried unnecessarily.
- Although some patients would prefer the pre Covid system waiting all morning to be seen, others prefer the present system as it saves time.
- GP Assistant is a national term but is confusing some patients, so CDP is describing Sarah Weatherald as a Medical Secretary.
- There had been real community relief the CDP had been able to recruit two new GPs and it was appreciated that appointments were much easier to get than in some other parts of the country.
- The Practice's new website will be ready shortly and will include the synopsis of the UDHW minutes.
- There is no information yet about Covid boosters due this autumn. There will still be 2 separate 'flu injections.
- CDP has volunteered to pilot the NHS Digital Inclusion Project. This will target those who don't use / are wary of IT e.g., apps, Facebook, System online etc. Further information pending.
- E consultations need to be encouraged. Friends / relatives can help patients communicate this way by filling in the online form for them.
- There is a list of UDHW Parish Representatives in both surgeries.

Jane Ritchie, Hon. Secretary

Upper Dales Health Watch

### **Appendix 3**

Dear Parish, Town and City Council colleagues,

Over the next few months, as part of the development of our new Local Transport Plan, we will be talking in detail to stakeholders.

We are writing to you as a key stakeholder, to ask you to complete a survey on behalf of your organisation about transport and travel in North Yorkshire. The closing date is 11 August.

We want to know what you think about transport, in its widest sense, in the area you cover. This includes public transport, walking and cycling, roads, taxis and trains. We are also interested in your views on digital connectivity (reducing the need to travel) information products like timetables and apps and services like car clubs, and ebikes. We also want to know what you think about the transport network, and the services North Yorkshire Council provide related to that.

Online survey link: <https://consult.northyorks.gov.uk/snapwebhost/s.asp?k=168813360389>

The survey is open now.

We appreciate that meeting cycles and the summer break might not allow you to discuss this before the response date. If that's the case, please let us know and we should be able to accommodate a slightly delayed response.

If you would like to add more comments than the survey allows, you can also email us at [letstalk@northyorks.gov.uk](mailto:letstalk@northyorks.gov.uk)

or post your comments to:

Thank you very much for taking the time to read this email, and returning the survey to help shape the future of transport in North Yorkshire.
