

# Yorkshire Dales Stage Rally

## Overview Map

This overview map is a draft of our proposed route.

Sections of road that we propose to be special stages taking place on closed public roads are shown in RED with stage starts and finishes noted. The exact locations to be confirmed and agreed. Road closures will normally be from the junction prior to the start and after the finish locations.

Sections of road that are Liaison Sections (low speed non competitive elements) which will remain open to the public are shown in BLUE up to the junction as noted above.
